

Camper Dolly

Need flexible use of your limited space?
Can you move your camper around your area?
Can you move it by pushing it on a hard surface?

We have the
perfect answer
for your needs!

Rieco-Titan's portable Camper Dolly, featuring four 2" x 8" polyurethane wheels, solves many of your storage problems. Two wheels are swivel with locks and two are rigid-mounted for better control.

The Camper Dolly measures either 4' wide x 6' or 4' wide x 8' long with height options of 15" or 20". It can accommodate campers that are 43-3/8" to 49" wide and can carry most truck campers up to 6,000 lbs. It is constructed of heavy-duty 2-1/2" angle iron with heavy gage specially formed sturdy steel legs.

The kit comes complete with all necessary hardware and assembly instructions.
